**The Chic And
The *BOLD!***

If you haven't used skin oils before, you've probably dismissed them as being either hippy-dippy or thought that adding oil to your naturally oily skin type would be counter-productive. But the newest oils are as targeted as serums. Malin + Goetz Recovery Treatment Oil actually normalises the skin's natural oil production and reduces inflammation with antioxidants when applied in the morning. By night, Comfort Zone Night Nourishing Vitamin Oil acts like a multivitamin for your face with goji berry oil, tomato extract and pure vitamin E to coax the skin into optimum repair mode.

**10
NEW Beauty
Secrets**

"Love traveling for fashion week. You have to visit to explore new retailers and designers. It's the time of 'research.' Malin is all about getting great gear and exploring as much as possible after the last show, whereas Paris is usually about fabulous parties and intimate dinners, soaking up the beauty of the city. Parisian style is definitely sexier, more cool and mysterious, whereas Malin's style is very chic, more colorful and girly. I'll always bring a white shirt and great pair of black cigarette pants. Sometimes it's best to go classic and simple and play up your accessories, make you're overwhelmed with all the fashion on the runways. By Paris, most of the editors are tired and overbalanced... it's a good way and they'll let them!"

ROYAL RITUA

Age and a sedentary lifestyle may result in loose sagging skin and an unsightly orange peel-effect in the abdomen, derriere, thighs and arms. This radical treatment prompts collagen and elastin synthesis, and improves sagging skin and cellulite. The body perfecting treatment features two highly efficacious technologies that work in sync: Accent 12,750k seals fat cells with hot ultrasonic waves, and destroys them with cold waves; and Accent Radiofrequency improves lymphatic drainage to flush fat cells out of the body.
